### NOTE

As you begin this study you will notice that with each lesson, there is a cosponding Memory verse. Begin working on your new memory verse the same day you start your new lesson. Go over the memory verses each day several times if possible—endeavoring to master each verse perfectly. Word for word. To overcome the problem of forgetting references, repeat the reference both at the beginning and end of the verse.

Take advantage of spare moments by carrying the handy “Beginning With Christ” packet with you in your purse or pocket. This packet, contains five memory verses on easy to review cards and a booklet telling why and how they apply to you.

We recommend you take a few questions each day rather than trying to do the whole study at one sitting. This will help you regulate and stabilize your intake of God’s Word.
